have successfully completed the City of San Luis Obispo's 2-Hour **Automotive Industry Stormwater Management Training Program**. The program outlined the ideal Best Management Practices to be employed during automotive service activities conducted within the City of San Luis Obispo. Best Management Practices ("BMPs") refers to devices, operational activities, or physical controls (i.e. **Control Measures**) that are applied **to prevent, control, or reduce the discharge of pollutants to storm drain inlets, drainage swales, and waterways.**

*Date of Recognition: October 14, 2008*

*Certificate Expires On: October 14, 2010*
